O R D E R

In the reference 2nd read above, the Managing Director, M/s Sri City(P) Limited has stated that the Government of Andhra Pradesh has allotted 1.00 TMC of water through TGP canal to Sri City vide G.O. 1st read above. Accordingly Superintending Engineer, Telugu Ganga Project has allocated 15,00,000 Kilo-liters of Telugu Ganga water, which is being released to Cherivi, Egumadurai and Mopurupalli tanks from the 9th branch canal from year 2012 onwards. The water charges as fixed by I&CAD department are being paid regularly by Sri City Pvt. Ltd. Due to the SEZ notifications, the entire ayacut areas of Cherivi, Egumadurai and Mopurupalli tanks have been converted to Non Agricultural lands. There is no agricultural requirement of water from these tanks as there is no agriculture activity in Sri City.

2. The Managing Director, M/s Sri City(P) Limited has requested the Government to permit Sri City to operate the tanks, maintain and carry out de-silting in them and use the water for the purpose of storing and utilize for industrial and city's civic and residential purposes and also requested to issue a suitable notification to that effect. The Managing Director has also informed that, Sri City shall meet the entire cost for the maintenance of these tanks in good order and keep them in proper condition as per I&CAD norms and assured that all the rules and regulations governing this activity shall be followed by them and the water shall be utilized for the economic and social development of the state and its people.

3. In the reference 6th read above, the Engineer-in-Chief(Irrigation), Water Resources Department has recommended to the Government to accord permission to M/s Sri City (P) Ltd., Varadaiahpalem & Sathyavedu Mandals, Chittoor District to operate and maintain the 3 (three) Tanks of Cherivi, Egumadurai and Mopurupalli for Industrial Purpose as per norms subject to the following conditions:-

1) The water regulation and management of stored water received from TGP canal and self yield from the catchment of these tanks can be permitted to Sri City management without denying the rights off general public residing in different hamlets around these tanks for civic purpose etc.

(PTO)

2) The Sri City shall maintain the bund and tank structure at their own cost as per the approved estimates by the Water Resources Department. The maintenance shall include the repairs and renovation of the tank component as decided by the water Resources Department(it is already accepted by the Sri City Pvt Ltd vide their representation)

3) The maintenance of the tank includes foreshore areas, properly protecting the tank bed and bund from encroachments, and cleaning, clearing of all obstructions like weed growth and silt in the feeder channels into tanks and in the surplus course of tanks.

4) The Sri City Pvt Ltd shall excavate a boundary trench of 2.00 x1.00m all around. The foreshore boundaries of these tanks as per revenue records available in meebhoomi.ap.gov.in website in consultation with EE/ID/Srikalahasthi.

5)The Sri City Pvt Ltd shall maintain the tanks without causing any type of industrial pollution either directly into the tank or in the catchment areas of these tanks failing within the boundaries of Sri City SEZ.

6) The desilting of tank bed in the marked areas by the Water Resources Department can be permitted to the extent required for bund strengthing of the respective tank bunds based on the estimate proposals from the Sri City Pvt Ltd. The excavated soils are permitted for utilization for any industrial low level area fillings duly depositing the royalty to mines and geology Department.

7) SRI CITY authorities has no ownership of the above 3 Tanks. The ownership of tanks including fore shore area should be with Water Resources Department only.

8) The Sri City shall beautify the tanks and maintain it as assured by them.

4. Government after careful examination of the matter, hereby accord permission to M/s Sri City(P) Limited, Varadaiahpalem & Sathyavedu Mandals, Chittoor District to operate and maintain the 3 (Three) Tanks of Cherivi, Egumadurai and Mopurupalli for Industrial purpose as per norms subject to the conditions mentioned at para. (3) above.

5 . The Engineer-in-Chief (Irrigation), Water Resources Department, Andhra Pradesh, Vijayawada and the Collector & District Magistrate of Chittoor district shall take necessary action accordingly.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
